

## Collect. Destroy. Protect.

A Take Back Program should be simple. We created our “Full Service Take Back Program” to efficiently collect, ship, and destroy expired and unused medications safely. The entire process is managed through our exclusive “Online Tracking Portal,” ensuring full compliance with DEA regulations.

American RX Group wants to empower you to create your own Take Back Program — visit [www.americanrxgroup.com](http://www.americanrxgroup.com).

# Collect. Destroy. Protect.

Create a Full Service Take Back Program

## How It Works

The Full Take Back Service includes: purchasing a cabinet that best fits your business's retail space and needs, choosing liners and receiving collection and destruction services provided by American Rx Group.

### Fill it Up!

We offer a wide selection of cabinets with varying capacities, which allow for you to save money and empty less. We can help you choose the right cabinet for your Take Back Program.

### Ship it!

Our cabinet liners make shipping quick and easy. Once your liner is full schedule it for pickup and destruction.

### Track it!

Our online tracking portal allows you to track your liner from the moment it's picked up until it's destroyed – all in real time.

### Destroy it!

We partner with one of the largest waste-to-energy incinerator facilities, once your liner is destroyed a "Certificate of Destruction" is provided to you to ensure full compliance with the DEA.
