

CURRUS RX SCHOLARSHIP

The Currus Rx Scholarship was formed by Currus in the fall of 1997 to help promote the advantages and opportunities available in independent pharmacy practice to University of Kansas pharmacy students.

The goals of the Currus Rx Scholarships are:

- Connect students with independent pharmacists as mentors.
- Assist students in learning more about independent pharmacy practice.
- Reach out to students considering independent practice opportunities.
- Event engagement with the KU School of Pharmacy and students.
- Support students with knowledge and resources for a career in independent pharmacy.

SCHOLARSHIPS

The Currus Rx Scholarship initiative provides scholarships to KU School of Pharmacy students each year who have demonstrably shown interest in pursuing independent pharmacy practice as a career choice. Scholarships are awarded in June for use in the following academic year.

Information on the scholarship process is made available in September of each school year through the KU NCPA Student Chapter.

All scholarship award decisions are at the sole discretion of Currus.

QUALIFICATIONS

APPLICATION

To complete a scholarship application, please visit www.currusrx.com/scholarships. All students interested in pursuing a Currus Rx Scholarship must submit an application form no later than November 30, 2022. You must be a member of the University of Kansas NCPA Student Chapter to qualify.

PARTICIPATION IN ACTIVITIES/POINT TRACKING

The Currus Rx Scholarship Program requires that students participate in a certain number of approved events that will help them learn more about independent pharmacy as a career choice. Points may be accrued September 1, 2022 through April 30, 2023.

Students must earn a minimum of 12 points. Most events are 1 point; there will be some events where you have direct interaction with pharmacists that will be 2 points. Event information will be made available through the NCPA Student Chapter. Points will be submitted via the Scholarship page of our website and will be available for submission up to 2 weeks after the approved event takes place.

ESSAYS

All students pursuing a Currus Rx Scholarship will be sent information in late February on an essay requirement. Essays will be due back by March 31, 2023. Additional information will be provided at that time.

INTERVIEWS

Interviews of the final candidates for scholarship awards will be scheduled virtually for the last two weeks of April. Students will be contacted directly for scheduling of interviews.

If you have additional questions regarding the Currus Rx Scholarship process, you can contact us at Info@currusrx.com or by phone at 785-228-1695.
